ACCIDENTAL INJURY COVER

Unfortunately, sometimes in life things happen when we least expect them, pets can have an accident leaving you facing an unexpected veterinary bill. For only a small additional charge per pet per month, you can include Accidental Injury cover. It takes away the financial worries and gives you peace of mind, so that you can focus on getting your pet back to the best of health. This provides cover for the cost of treating accidental injuries up to £2,500 per incident, subject to an excess of £75. This includes injuries arising from Road Traffic Collisions, stick injuries, dental trauma and other accidentals that were unforeseen. Total claims in any 12-month period may not exceed £5,000.

The cover is for treatment by our practice. However, if our practice is closed when immediate treatment is needed, or you and your pet are away from home (anywhere in the UK), then cover is extended to include the nearest available vet. Further details of cover are available from the practice.

EXTENDED PAYMENT SCHEME

For any treatment over £300, pet owners may have the facility to spread the payment over a number of months. Please note no discount is available if the Extended Payment Scheme is utilised.

A deposit may be required. Use of the Extended Payment Scheme is at the discretion of the Practice Manager and subject to Terms and Conditions.

WHAT SHOULD I DO NEXT?

WELCOME

Whether you are a new or an existing client, we would like to thank you for choosing our practice. Our aim is to provide the best possible health care for your pets in a pleasant, friendly environment.

We are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of routine treatment, we have designed our own practice membership scheme – the **Kingdom Care Plan**.

The **Kingdom Care Plan** is not pet insurance. It covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks.

Extra benefits include discounts on food and other routine treatments your pet might need. Read on for more information, or speak to one of our team today to find out how you can save money and worry, while providing for your pets' ongoing health.

PREVENTION IS BETTER THAN CURE!

Our practice membership scheme provides pet owners with the support they need to help their pets stay fit and healthy.

Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments.

In addition, an overall clinical examination provides pet owners with peace of mind as we carefully monitor the general health of your pet and offer advice, support and treatment planning. This can reduce or prevent problems arising in the future.

Furthermore, the cost of maintaining the general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.

Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice. We can also offer an extended payment scheme for larger bills for pets on the **Kingdom Care Plan**.

Pets in the **Kingdom Care Plan** can be covered for Accidental Injury up to £2,500 per incident up to a total of £5,000 in any 12-month period (an excess applies). This option is available for only a small additional charge per pet, per month.

OUR CARE PLAN OFFERS:
