WELCOME

Whether you are a new or an existing client, we would like to thank you for choosing our practice. Our aim is to provide the best possible health care for your pets in a pleasant, friendly environment.

We are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of routine treatment, we have designed our own practice membership scheme – the **Kingdom Care Plan**.

The **Kingdom Care Plan** is not pet insurance. It covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks.

Extra benefits include discounts on food and other routine treatments your pet might need. Read on for more information, or speak to one of our team today to find out how you can save money and worry, while providing for your pets' ongoing health.

PREVENTION IS BETTER THAN CURE!

Our practice membership scheme provides pet owners with the support they need to help their pets stay fit and healthy.

Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments.

In addition, an overall clinical examination provides pet owners with peace of mind as we carefully monitor the general health of your pet and offer advice, support and treatment planning. This can reduce or prevent problems arising in the future.

Furthermore, the cost of maintaining the general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.

Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice. We can also offer an extended payment scheme for larger bills for pets on the **Kingdom Care Plan**.

OUR CARE PLAN OFFERS:

- ✓ Regular checks and maintenance of general health for your pet
- ✓ Convenient monthly payments for routine services
- ✓ Top quality licenced medication
- ✓ Discounts on additional services

THE PLAN PROVIDES YOUR PET WITH:

- ✓ Full clinical examinations twice per year with a vet of your choice. If your pet is on long-term medication these examinations will usually be sufficient as their "tablet check"
- ✓ Annual booster vaccinations
- ✓ Veterinary prescribed worming treatment sufficient for 12 months – tablets for dogs, tablets or spot on for cats
- ✓ Veterinary prescribed flea and tick treatment sufficient for 12 months – spot on, tablet or collar for dogs and spot on or collar for cats
